WAREHOUSE

The Windsor *Difference*

Windsor Imports was built to solve one problem: giving independent distributors access to container-direct pricing without the container-direct headaches. We buy full 40-foot containers from winery partners around the world, warehouse everything in New Jersey, and sell by the pallet — no commitment.

The result is pricing that rivals a direct import, with a one-pallet minimum, stateside logistics, and zero customs, freight, or exchange rate exposure on your end.

40ft

CONTAINER VOLUME

We buy full containers from each winery, unlocking the lowest possible cost at origin.
